Re: Docket No. 02-6, Solid IT Networks, Inc., Request for Review
Form 471 Application No. 421086
Funding Request Number 1160625
Billed Entity Number 141224

Dear Ms. Dortch:

Solid IT Networks, Inc. ("Solid IT"), the service provider for Aldine Independent School District ("Aldine"), acting through counsel, pursuant to Section 54.719(c) of the Commission's rules, hereby files this Request for Review, requesting review of the adverse decision of the Administrator of the Universal Service Administrative Company ("USAC"), denying Aldine's appeal of USAC's Notification of Commitment Adjustment Letters ("COMAD") to Aldine and Solid IT of September 19, 2007.

The Funding Commitment Adjustment Report attached to the COMAD indicated that funding had been adjusted to \$0 because the maintenance contract did not specify the locations, although these locations were identified in Aldine's Form 471 as well as subsequent documentation provided to USAC prior to its denial.

On October 30, 2007, Aldine appealed the COMAD to USAC, and subsequently provided documentation, including lists showing the eligible equipment covered by the maintenance contract and documentation verifying that the maintenance services were performed on equipment that Aldine owned. In addition, invoices provided by Solid IT provided the locations.

On July 17, 2008, USAC issued the Administrator's Decision on Appeal denying Aldine's and Solid IT's funding for Funding Year 2004-2005. The denial allows interested parties 60 days to appeal the Administrator's Decision to the Commission, which occurs on or before September 15, 2008.

On July 18, 2008, USAC issued Demand Payment Letters to Solid IT and Aldine, which require repayment of the balance of the alleged "debt" within 30 days of the date of the letter. The letters noted that failure to pay within the 30 days could result in interest, late payment fees, administrative charges, and implementation of the Commission's red light rule, even though the 30 days falls within the Commission's 60 day window for appealing the USAC Administrator's Decision.

Because USAC and the FCC have not provided clear procedures for appealing the Demand Payment Letter pursuant to 31 C.F.R. § 901.9, Solid IT files this Request for Review within the 30 days required by the Demand Letter in order to stay USAC's collection efforts and implementation of the Commission's red light rule. Solid IT will timely supplement this appeal before the 60 day appeal deadline to provide the arguments and documentation in full support of this appeal.

Solid IT respectfully requests that the Commission direct USAC to stay all collection efforts associated with the COMAD and the Commission not implement its red light rule prior to the Commission bringing final resolution to this Request for Review.

Sincerely,

_____/s/_____
